

Mod Knitwear

Company Profile

**Crafted by
Experience.
Built for
Partnership.**

About Us

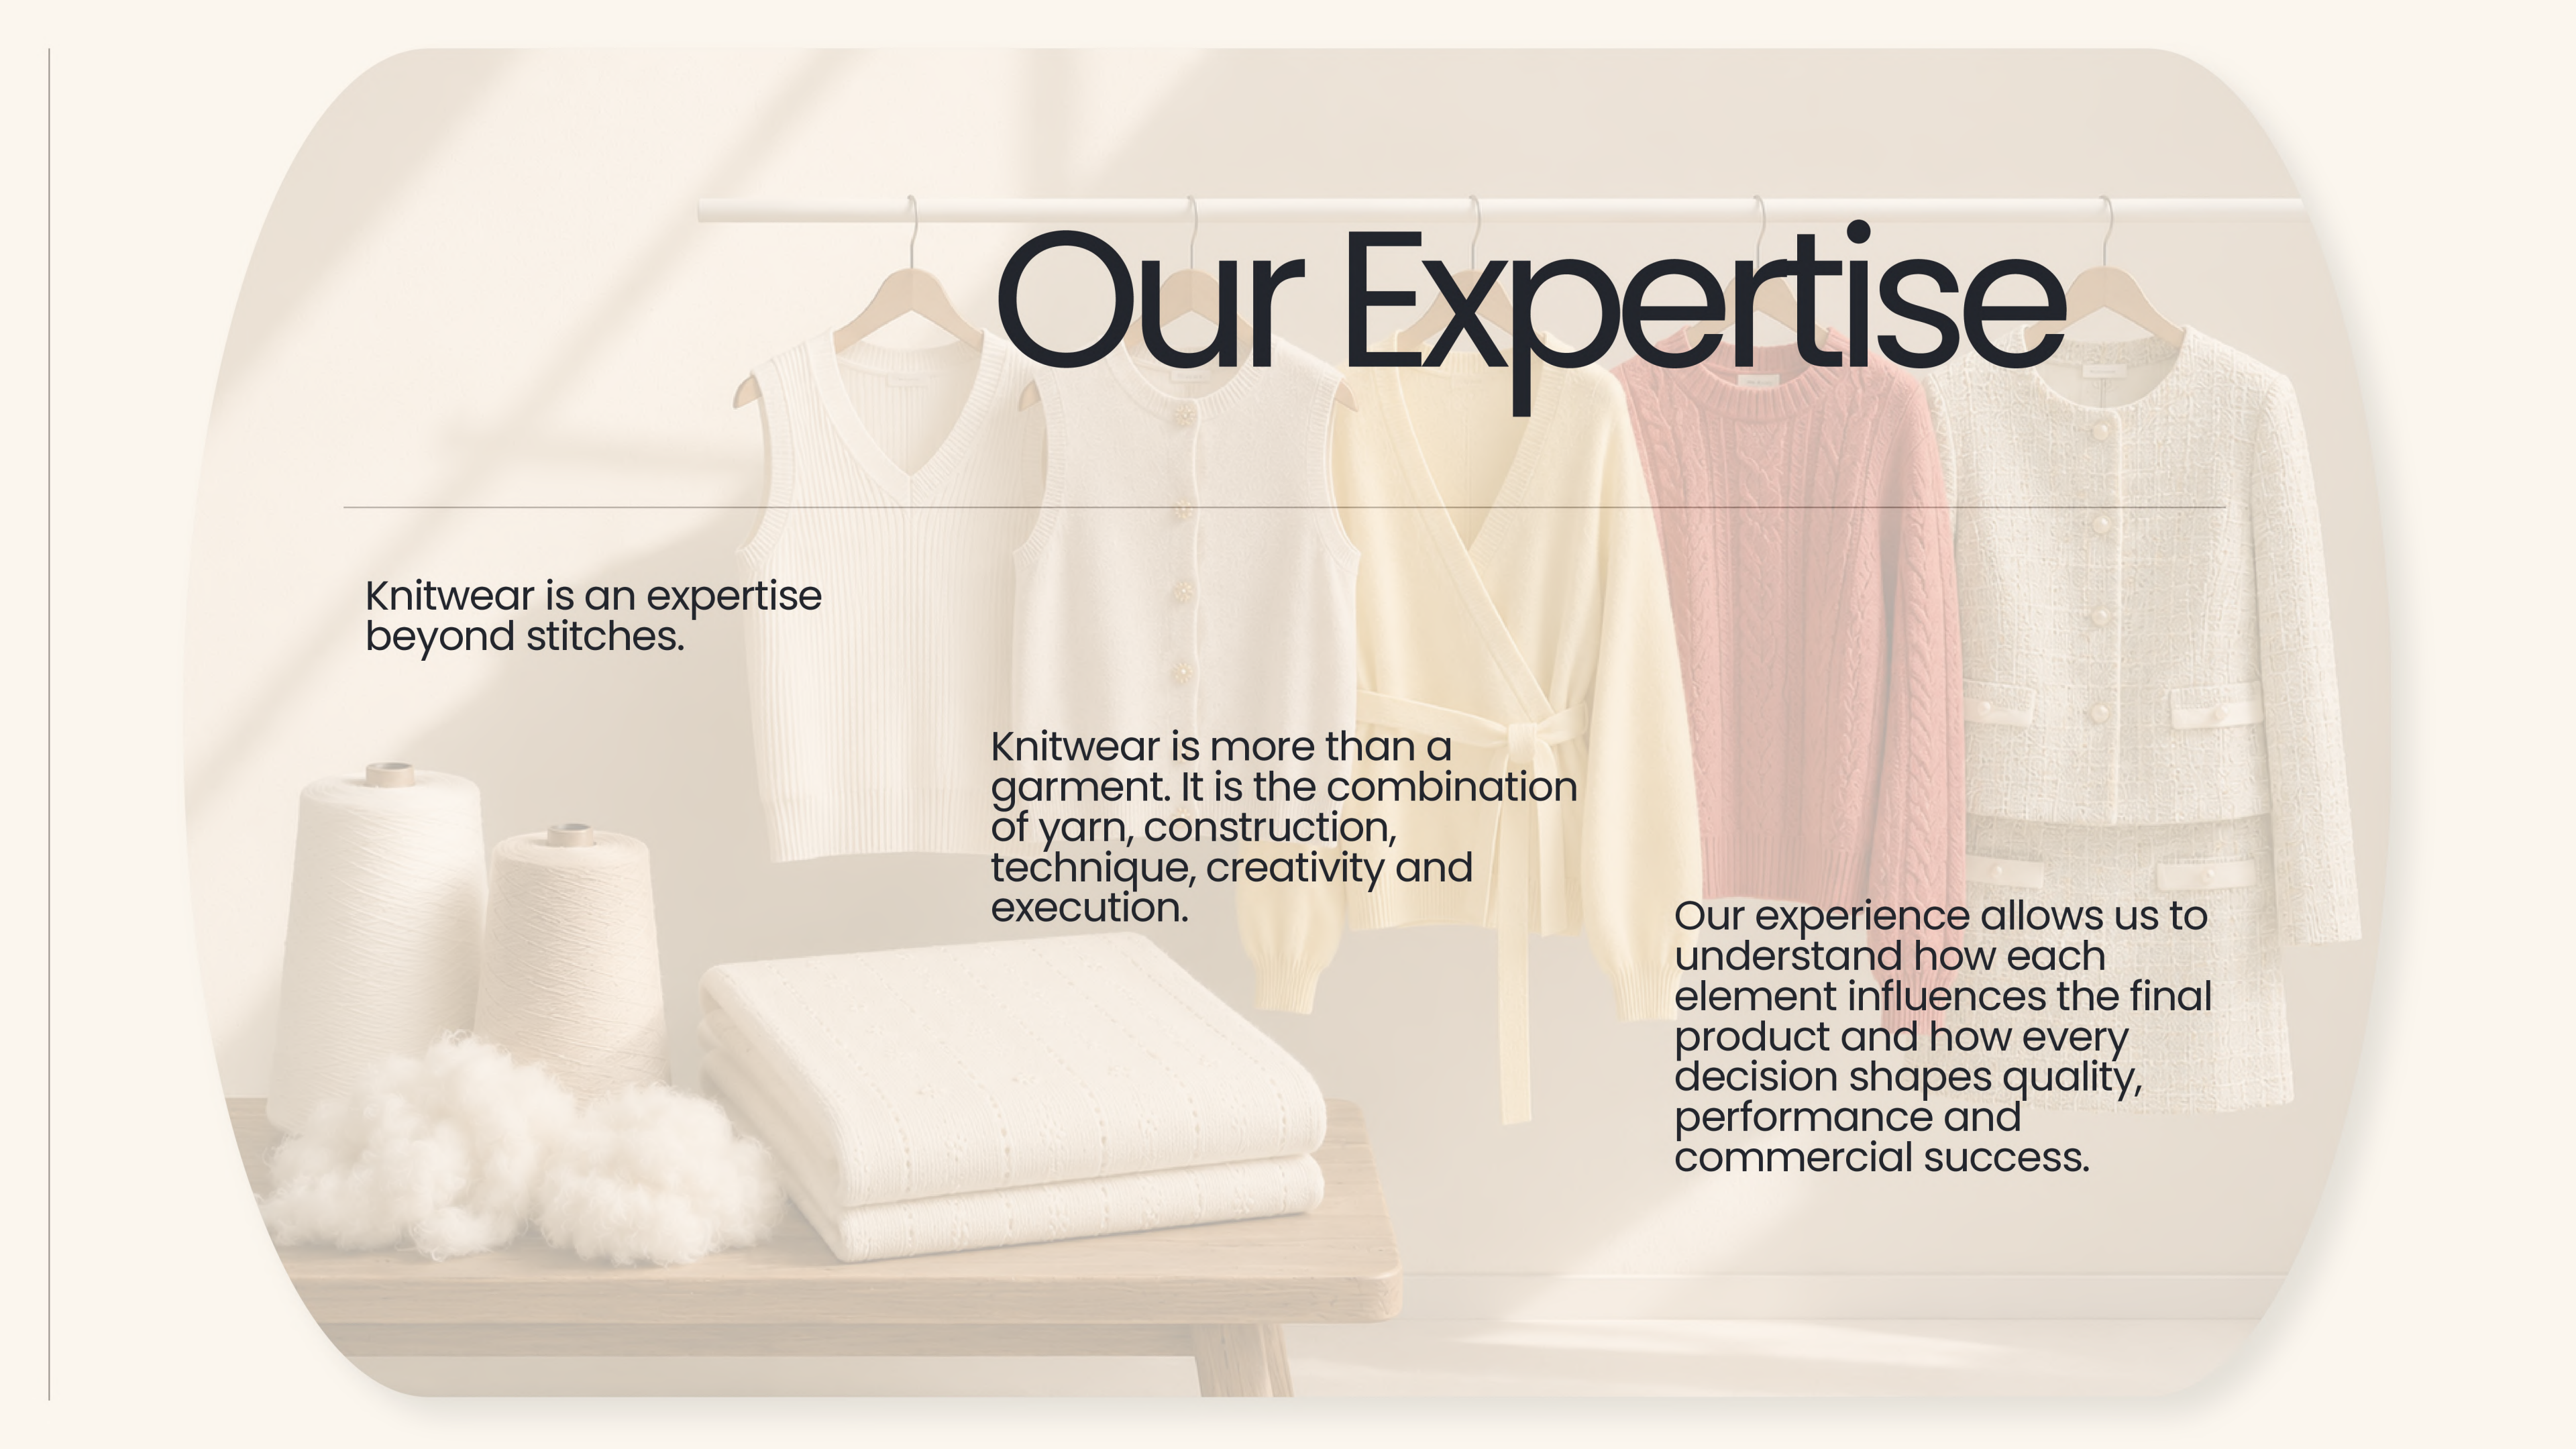

MOD Knitwear was founded by professionals with extensive experience across the knitwear industry. Over the years, our team has contributed to collections developed for internationally recognized fashion brands, gaining a deep understanding of knitwear from its smallest component to the final product.

From yarn behavior and construction techniques to product development, sourcing and production management, we combine technical expertise with a practical, solution-oriented approach.

We believe successful knitwear is built on knowledge, attention to detail and strong partnerships. That is why we work closely with our customers to transform ideas into well-crafted products.

Our Expertise

Knitwear is an expertise beyond stitches.

Knitwear is more than a garment. It is the combination of yarn, construction, technique, creativity and execution.

Our experience allows us to understand how each element influences the final product and how every decision shapes quality, performance and commercial success.

From yarn to garment,
we understand every layer
of knitwear.

What We Do

We partner with brands throughout the entire knitwear journey — from concept to completion.

Our expertise covers yarn, construction, development, sourcing and production, allowing us to approach each project with both technical understanding and commercial awareness.

Whether developing a new collection or refining an existing product, our role is to simplify complexity and deliver knitwear solutions with precision and flexibility.

Our role goes beyond manufacturing; we guide ideas, simplify complexity, and bring thoughtfully developed knitwear solutions to life.

7–14
Days

Average Sample & Development Lead Time

From concept to sample, every development process is approached with care. Working across 3GG, 7GG and 14GG constructions, we carefully evaluate yarns, colors, structures and techniques to build the right foundation for the final product.

3
Weeks

Average Production Lead Time

Efficient planning, close follow-up and reliable manufacturing partnerships enable us to deliver with consistency, flexibility and attention to detail.

30K
Pieces/Month

Production Capacity Through Our Manufacturing Network

A trusted and scalable manufacturing network allows us to support different volumes while maintaining quality and responsiveness.

**End-to-End
Expertise**

From Yarn to Garment

Extensive experience across yarn, development, sourcing and production enables us to approach knitwear as a complete process rather than individual stages.

**Women-
Led**

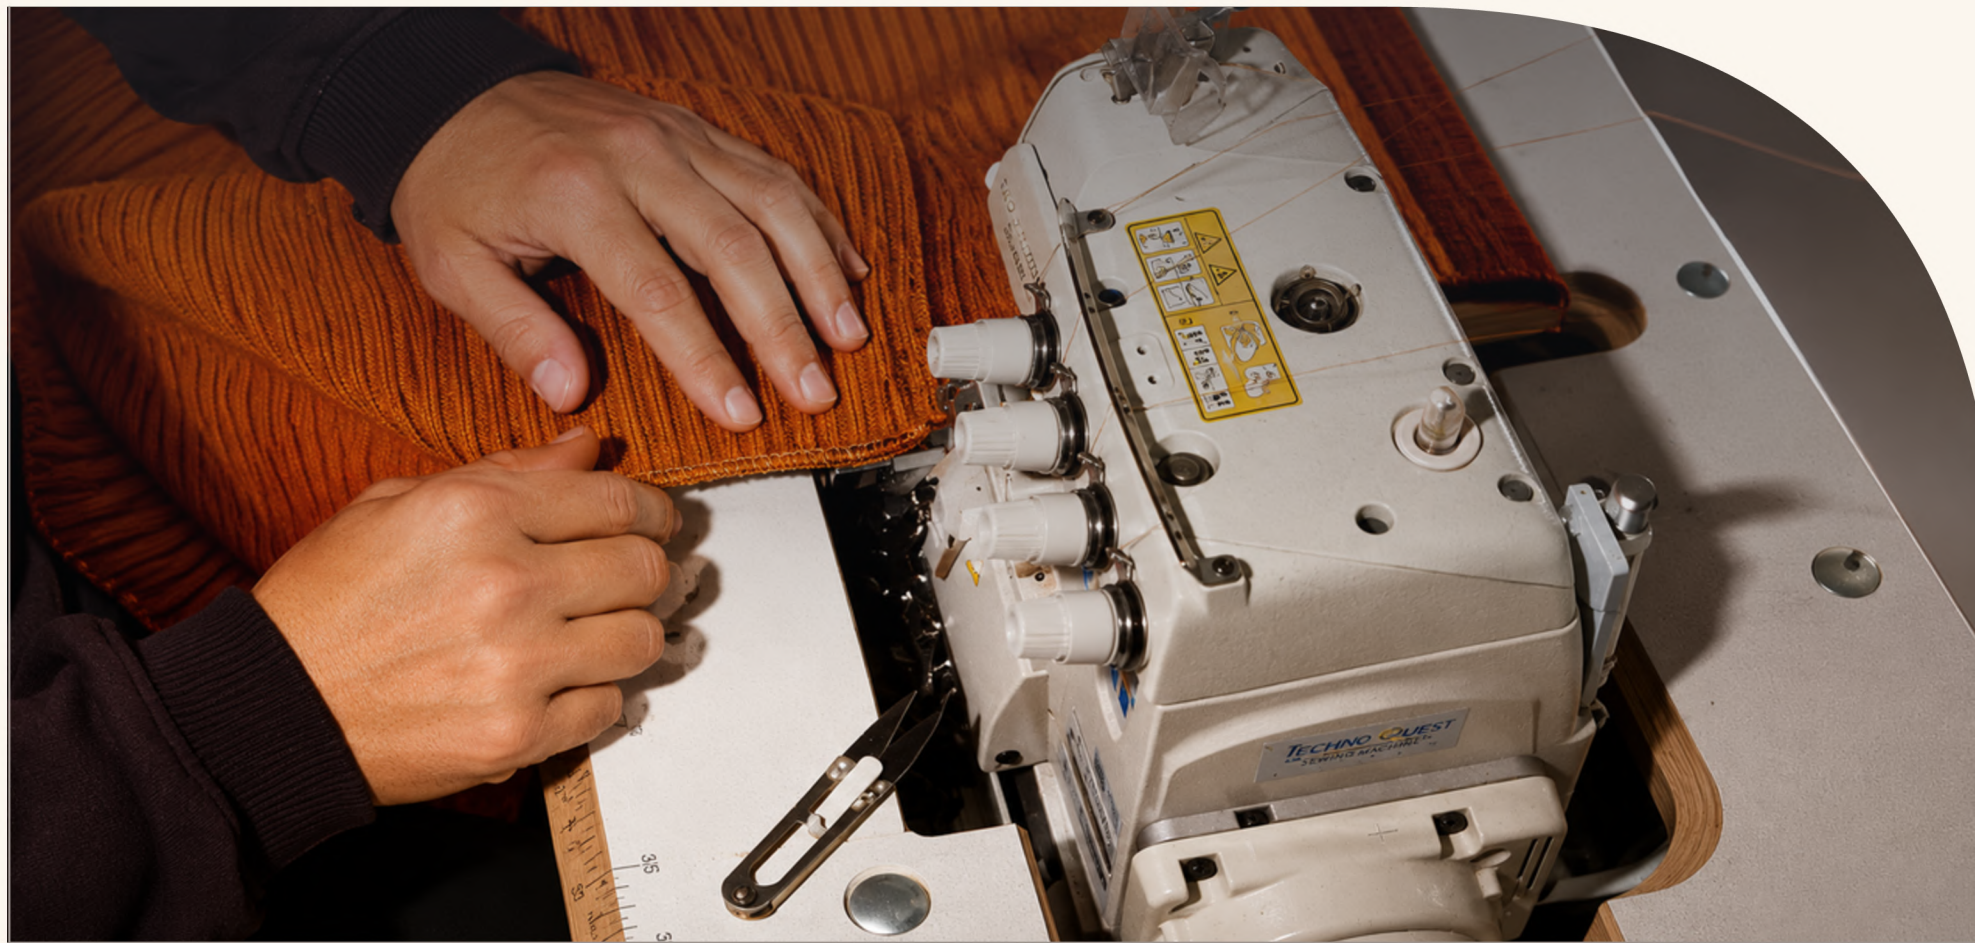

Founded and Led by Two Textile Professionals

Built on collaboration, hands-on involvement and years of experience across product development and production management.

**Responsible
Sourcing**

Certified & Sustainability-Focused Yarn Partnerships

We work with carefully selected partners who share our commitment to quality, traceability and more responsible material choices.

OUR COMMITMENT

Our commitment to better knitwear never ends.

We believe every decision matters. From selecting the right yarn and materials to refining product details and choosing the right manufacturing partners, we continuously seek better ways to create knitwear that is thoughtful, responsible and built to last.

We value transparency, continuous improvement and making conscious choices throughout the entire process. Because for us, creating better knitwear is not a destination—it is an ongoing commitment.

Why MOD Knitwear

Extensive experience with global fashion brands

Reliable sourcing partnerships

End-to-end product expertise

Customer-oriented communication

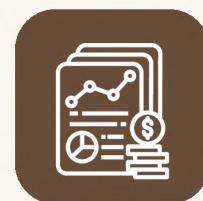

Flexible manufacturing network

Sustainable and quality-driven approach

Strong technical and commercial know-how

Long-term partnership mindset
